

CHÂTEAU TRONQUOY

THE REBIRTH OF TRONQUOY

2022

DEEP & MODERN ROOTS

A Tronquoy lightened by its Lalande which pays tribute to its spirited founder, François de Tronquoy. A visionary in his actions and an anti-conformist at heart, it was in 1791 that François Tronquoy shaped one of the very first vineyards in Saint-Estèphe.

Despite his fierce opposition to the 1855 Classification, no one can deny today that Tronquoy has the essential qualities of a great wine that cultivates its singularity in a form of impertinence.

From the clay and gravel terroir favoring vivacity and freshness, to the recent successful implantation of Semillon and Sauvignon Gris, it is in the unexpected that Tronquoy seems to thrive.

Today, Tronquoy reveals itself in a new light: the blue color originating from the archives of the domain, the will to be against the current by freeing itself from conventions and finally the excellence by proposing a wine of a rare versatility combining seductive youth and remarkable ageing potential.

2022: THE SUPER-VINTAGE

The year 2022 revealed a climatic scenario of extremes, alternating low rainfall, repeated heat waves and significant drought. The vineyard has drawn more than ever on its rich clay and gravel resources to protect itself and reveal all the splendor of the 30 hectares of Château Tronquoy.

The 2022 vintage promises to be extremely accomplished, in a pure and clean style, perfectly reflecting the best of what Tronquoy's terroir can produce. With a remarkable concentration and complexity on the palate, the fruit is very present and brings a generous note. Particularly harmonious, the finish stretches out in length. In the tradition of the most successful wines of the last decades, such as 2010 and 2016, 2022 marks a new and exemplary chapter in the history of this wine.
