VINTAGE 2020 : BALANCE, LENGTH, ELEGANCE

2020, third Musketeer of that extremely successful vintage trilogy 2018, 2019, 2020. The year began with a cold January and small rainfalls; then came a dry February with low precipitations and a very hot 3rd February (24°). At the beginning of March, the weather was cold; the bud busting started the 24th March, what usually announces the following vintage (just after the lockdown began). Early May came lovely days and the date of the 8th May marked the beginning of the blooming - This is very early! Rainy days came until mid-June. The veraison began on the 3rd of July with a dry month - 1mm of water - followed by only 23mm around the 15th of August. Due to the dry period, harvests were finally conducted later than originally planned; however, like for most of top level vintages, the whole crop took place in September. Merlots are harvested in three times from the 12th to 21st of September, and Cabernets from the 29th to the 30th September. Superb Merlots, top quality Cabernets give this great vintage its roundness, richness, and elegance that represent the essence of the Saint Emilion terroir and the greatness of its grapes.

TASTING

“

Lively red color, with purplish-blue hues. The aromatic intensity is remarkable. Very fruity, it reveals notes of ripe cherry, fresh plum and raspberry. Its superb Cabernet Franc brings a singular floral touch that perfectly expresses its distinction. The mouth is impressive, with a fleshy and juicy texture that gives it a long length. 2020 is a true expression of this exceptional terroir made of clay and limestone.

”

Axel Marchal, Doctor of Œnology.
